Welcome Back Center
For Foreign-Trained Health Professionals

In 2006, the State of Maryland established the Welcome Back Center of Suburban Maryland (WBC) to help foreign-trained health professionals transition to the U.S. healthcare system. The WBC provides a range of services to help these professionals find employment, obtain necessary certifications, and integrate into the American healthcare workforce.

The WBC offers a variety of services including:

- Employment assistance
- Credentialing and relicensure assistance
- Professional development opportunities
- Networking events
- Access to local healthcare providers

To learn more about the services offered by the WBC or to get in touch with the center, visit the website: https://www.lhiinfo.org/programs-projects/welcome-back-center-of-suburban-maryland/

For more information or assistance, contact the WBC by phone at 240-777-3168 or email them at lhiinfo@health.maryland.gov.
